NUSA CSR

It is an associate of Nusasiri Public Company Limited, established in xxxx
Operate the business of the fully integrated Cannabis-Hemp which divides the business unit into
3 aspects as follows:

Miracle Cannabis Land

"The City of Siam Cannabis" or "Siam Cannabis Wonderland", a world of learning about
"Cannabis", a wonderful plant from heaven.

Through the form of tourism that creates experiences beyond imagination. Prove the legend of
Thai traditional medicine, awakening the green medicine...reviving from the scriptures that
have been told for thousands of years.

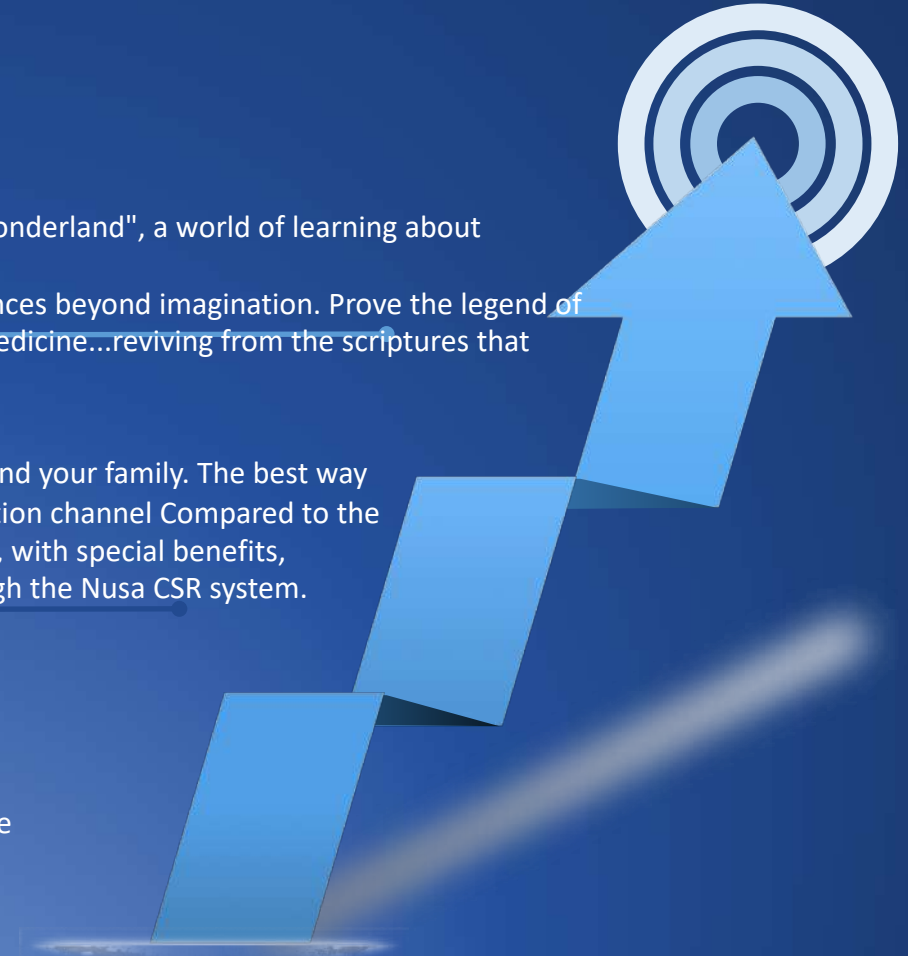

Miracle Tree

Big opportunity To create a career and generate income for you and your family. The best way
to strengthen all relevant sectors and is a highly efficient distribution channel Compared to the
traditional marketing channels because it can distribute products, with special benefits,
generate experience and knowledge directly to consumers through the Nusa CSR system.

Planting, Extracting, Selling cannabis-Hemp products

Green economy will lead Thailand to a good new economy. Whereas Thailand is
perfectly Covered with a variety of medicinal plants from the foregoing, therefore
inspired and led to the creation of Nusa CSR to make the dream of green plant
richness come true.

”Miracle Thai Cannabis”

“NUSA CSR”, a joint venture company between NUSASIRI and CSR Company, which operates the Legal Hemp-Cannabis business. It aims to be a leader in the cannabis and hemp industry on a global scale. Complete business operations from upstream to downstream, from cultivation, extraction, research, export and developed into products to sell both domestically and internationally. Including the use in the production of drugs for use and distribution in Panacee's clinics and health centers that will be opened throughout Thailand according to the group's plan. In addition, extracts are exported to America and Japan, where NUSA CSR already has a trading agreement with foreign partners.

“**NUSA CSR**” is the perfect hemp and cannabis business model. Meticulous since breeding, Using technology and innovations in growing variety. It aims to bring the produce to market in the Cannabis and hemp market both domestically and globally. Including the development of various researches, invention in new products and innovations that are friendly and beneficial to the environment and consumers.
